Drop off 24 June, pick up 3 July

* 2 ea. EurekaLight panels with cables

* 1 ea. 36 volt DC / 60 Watt power supply (CE rated) with internal USB hub, which will
require NLS-provided AC power via wall socket or power strip and plug adaptor. All of
the lights get their power from the power supply/hub.

* 2 ea. SideLong raking lights with cables.

Bill Christens-Barry

Drop off 18 June, pick up 3 July

- i. minor backup components for lighting
- ii. misc. tools and cables
- iii. possibly the raking lights described above, under Mike Toth

* OceanOptics USB2000 fiber spectrometer and optical fiber. This device operates entirely via USB connection to my laptop, using SpectraSuite software. The spectrometer is 3.5" x 2.5" x 1.25" in size. It covers the 340 nm - 940 nm wavelength range.

These items will all fit within a single box about 18" x 12" x 6"

Multiple entry 27 June - 3 July

*1 ea. Mac Powerbook laptop with power cord, which will require NLS-provided AC power via wall socket or power strip and plug adaptor. The computer will not be involved in image capture, but can be used for processing. It will not utilize any NLS network connection or facilities.

Roger Easton

Multiple entry 24 June - 3 July
